Re: Expedited Settlement Offer

Road PR-9 Construction Project Docket Number CWA-02-2015-3356 2012 CGP Tracking Number PRR12A316

Dear Mr. Tactuk Dina:

Enclosed is an Expedited Settlement Offer (ESO) for the amount of **thirteen thousand seven hundred fifty dollars (\$13,750.00)**, which the United States Environmental Protection Agency (EPA) is issuing to Ferrovial Agroman, S.A. (Respondent), as a result of EPA's determination that Respondent has violated Sections 301(a) and 402(p) of the Clean Water Act (the "Act"), 33 U.S.C. §§ 1311(a) and 1342(p).

On June 19, 2014, two (2) EPA officials performed an inspection of the Road PR-9 Construction Project located in Ponce, Puerto Rico. Based on the inspection and further investigations, EPA has determined that Respondent violated the Act.

As a result of Respondent violation of the Act, EPA is authorized to proceed with an enforcement action against Respondent to assess civil penalties for the violations. Pursuant to the Act, a violator may be assessed a penalty of up to \$37,500.00 (Class I) or up to \$177,500.00 (Class II) in administrative penalty cases, or up to \$37,500 per day in judicial cases.

In an effort to reach a prompt resolution to this matter, EPA is offering to settle the specified violations of the Act under the following terms:

1. An authorized representative of Respondent agrees to the terms of settlement as specified in the enclosed "Expedited Storm Water Settlement Agreement." Specifically, Respondent must agree to the penalty specified in the agreement. Please be aware that the proposed penalty amount is lower than would normally be assessed by EPA. If Respondent does not agree to

the offered amount, EPA will issue a Complaint that could contain the maximum penalty allowed; if EPA negotiate a settlement amount, it is likely that the negotiated penalty will be higher than the one offered now in conjunction with expedited compliance and payment.

- 2. An authorized representative of Respondent signs and returns the enclosed "Expedited Storm Water Settlement Agreement" to EPA at the address specified in this letterhead.
- 3. Respondent pays the settlement penalty amount within ten (10) calendar days from the date Respondent receives notice from EPA that the agreement has been issued ("SO ORDERED") and is effective.

This offer is extended to Respondent as long as there is no environmental damage due to Respondent's violations.

This ESO is meant to quickly resolve the penalty amount for the violations of the Act. If Respondent agrees to the offer and returns the signed agreement, EPA will solicit public comments regarding this settlement, and the comments may impact the settlement. If the public comments do not impact the settlement, EPA will sign the agreement and file it with the Regional Hearing Clerk. The agreement becomes effective thirty (30) days after it is issued ("So Ordered") by EPA.

If an authorized representative of Respondent does not sign and return the Expedited Storm Water Settlement Agreement within thirty (30) calendar days from the date of this letter, EPA will assume that Respondent is rejecting the offer, and the offer will be withdrawn. EPA may then proceed with an enforcement action seeking standard penalty amounts for the violations.

EPA is enclosing the following documents to assist Respondent in its consideration of the EPA settlement offer:

- ESO Settlement Agreement This is the formal document that will be used to settle the penalty amount that Respondent will need to pay for the specified violations;
- 2. Expedited Settlement Offer (ESO) Worksheet This is a document that specifies the violations at the Project that were identified by EPA and the amount for each violation; and
- 3. ESO Instruction Sheet This document explains the terms of EPA's offer to settle the violations.

IN THE MATTER OF FERROVIAL AGROMAN, S.A. Docket Number CWA-02-2015-3356

EXPEDITED SETTLEMENT AGREEMENT INSTRUCTIONS

The United States Environmental Protection Agency (EPA) has authority under Section 309 of the Clean Water Act (the "Act") to pursue civil penalties for violations of the National Pollutant Discharge Elimination System (NPDES) storm water regulations and permits. EPA encourages the expedited settlement of certain violations of storm water requirements, such as the violations cited in the Expedited Settlement Agreement (Agreement) for which these instructions are provided.

Respondent may resolve this matter quickly by:

- signing the original Agreement; and
- submitting your penalty payment by check with case name and docket number noted.

INSTRUCTIONS

Within THIRTY (30) CALENDAR DAYS from your receipt of the Agreement, you must send the <u>original</u>, <u>signed Agreement</u>, and a <u>photocopy of your penalty check</u>, via certified mail, to:

José A. Rivera
Senior Environmental Engineer
Multimedia Permits and Compliance Branch

Guaynabo, Puerto Rico 00968-8069.

Within TEN (10) CALENDAR DAYS from the date you receive notice from EPA that the Agreement is effective, you must send your <u>original check with the case name and docket number noted</u> and a <u>copy of the Agreement</u>, via certified mail, to:

U.S. Environmental Protection Agency Fines and Penalties Cincinnati Finance Center P. O. Box 979077 St. Louis, MO 63197-9000.

Please retain copies of the signed agreement and the penalty checks for your own records.

You may contact the person listed below and request an extension. EPA will consider whether to grant an extension on a case-by-case basis. If you believe that the alleged violations are without merit (and you can provide evidence contesting the allegations), you must provide such information to EPA as soon as possible but no later than THIRTY (30) CALENDAR DAYS from your receipt of the Agreement.

If you choose to sign and return the Agreement, you waive your opportunity for a hearing and to appeal pursuant to Section 309 of the Act. If you choose not to sign and return the Agreement, or contact EPA, within THIRTY (30) CALENDAR DAYS, the Agreement will be automatically withdrawn, without prejudice to EPA's ability to file an enforcement action for the violations alleged herein or any other violations. EPA may choose to pursue more formal enforcement measures to correct the violation(s) and seek penalties of up to a maximum penalty of \$37,500 per day per violation. Failure to return the Agreement within the approved time does not relieve you of the responsibility to comply fully with the Act, the NPDES regulations, and permits.
